Maths	<p>I want you to use the words First, Then and Now whilst you are completing this learning.</p> <p>You will see that you have an empty bus, I need you or your grown-up to cut around the people from the bottom of the sheet.</p> <p>Your grown-up will tell you how many people to place into the bus, then roll a dice and put that many more people on.</p> <p>Can you tell a story about your bus?</p> <p>E.g. First there are 2 people on my bus. Then 3 more people get on, Now there are 5 people on my bus.</p> <p>Do this lots and lots until your child can confidently use the</p>	<p>You have a challenge to complete today that needs you to find the missing number.</p> <p>You will notice the sheets still encourage you to think in terms of the words First, Then and Now and I would like you to make a story using these words.</p> <p>What do you need to do to find the missing part?</p> <p>Grown-ups I need you to support your child to understand and recognise that they only need to know how to count all the objects in the second box and not try and add the first box as well. I have included an empty mat to use with your own stories.</p>	<p>You have a challenge to complete today that needs you to find the missing number.</p> <p>You will notice the sheets still encourage you to think in terms of the words First, Then and Now and I would like you to make a story using these words.</p> <p>What do you need to do to find the missing part?</p> <p>Grown-ups I need you to support your child to understand that we are looking for how many more they need to add to the first box to make the total. I would definitely have a selection of objects that the children can place onto the sheet to help them to find what's missing. If they struggle try using the empty mat at the bottom with your own stories.</p>

# Bee

There's nothing more brilliant than being a bee.  
You may think that it sounds a bit funny  
But you'd shout "heeray!"  
If you lived every day  
In a hive full of heavenly honey!
