

Please find today's learning tasks below. The table below explains the tasks and you will find the resources underneath.

Year group: Reception		Date: Monday 1st June	
	Challenge 1	Challenge 2	Challenge 3
English	<p>Get Ready for a brand New Topic called: Watch Out World.....Here I Come</p> <p>During this topic we will be visiting different continents and researching different aspects of each, the first continent for us to visit is Africa.</p> <p>I would like you all to watch Go Jettors Series 3 episode 5 on BBC IPlayer</p>		
	<p>Look at the sheet with the squares of animal skin, can you attempt to name the animal that they have come from.</p> <p>I wonder if you can identify the initial sound that each animal begins with, there is one very tricky animal because it's initial sound doesn't make the sound you would expect it to make. See if you can write in the letter at the beginning of each word, some will need the next letter as well.</p> <p>I have given you some clues at the bottom of the page.</p>	<p>Look at the sheet with the squares of animal skin, can you attempt to name the animal that they have come from.</p> <p>I have given you the names for you to match.</p> <p>As some of the words are tricky for you to read, you might want to identify the initial sound first and then try to sound out the rest of the word, If you can't sound it out have a guess, you might be right!</p>	<p>Look at the sheet with the squares of animal skin, can you attempt to name the animal that they have come from.</p> <p>See if you can write the names of the animals into the boxes underneath each square.</p> <p>You could always ask your grown-up to show you how to look up the word online or in a dictionary.</p>
Phonics/ Reading	Please visit Oxford Owls to read a book and Phonics play has some super phonic games	Please visit Oxford Owls to read a book and Phonics play has some super phonic games	Please visit Oxford Owls to read a book and Phonics play has some super phonic games
Maths	<p>Counting back</p> <p>Place up to 10 objects in a straight line, ask your child to count from 1 up to 10, make sure they touch each object. When they have counted forwards accurately ask them to count from 10 back down to 1.</p> <p>Add more objects up to 15, encourage your child to count forwards first and then backwards touching each object whilst they count.</p>	<p>Counting back</p> <p>I count, you count is a game we played before. It can be used to practise counting back from different starting points. Have a collection of up to 15 objects. Begin by counting as you point to the objects, you stop and the children continue the count.</p> <p>15,14,13,12,11,10,9,8,7,6,5,4,3,2,1,0</p>	<p>Counting back</p> <p>I want you to use the Jack and the Beanstalk activity to practice counting back.</p> <p>I would like your grown-up to mix up the beanstalks for you. Pick up a beanstalk and see what leaf Jack is standing on, the instruction at the top tells you what Jack needs to do. Can you use words to describe what Jack is doing, e.g, First Jack is on leaf 5. Then he moves down 2 leaves. Now he is on leaf 3.</p>
Wellbeing	<p>Have a look at the globe or a map of the world, see if you can find where the continent of Africa is.</p> <p>Then see if you can find England, is it a long way away?</p> <p>If you wanted to go on holiday to Africa, how would you get there?</p> <p>Discuss with your grown-up the journey you would take.</p>	<p>Have a look at the globe or a map of the world, see if you can find where the continent of Africa is.</p> <p>I have provided you with a blank map of Africa, can you label the continent for me, can you write the name of the sea and can you draw a famous landmark onto the map?</p>	<p>Have a look at the globe or a map of the world, see if you can find where the continent of Africa is.</p> <p>I have provided you with a blank map of Africa, can you label the continent for me, can you write the name of the sea and can you draw a famous landmark onto the map?</p>

Challenge 3

Challenge 3

Counting Down the Beanstalk Subtraction Activity

Challenge children to use vocabulary involved with subtracting to help Jack climb down the beanstalk and reach the ground.

You will need:

- Counting Down the Beanstalk Subtraction Cards

Activity

Explain that Jack is climbing down the beanstalk to escape the giant. Jack is on a numbered leaf on the beanstalk and a number is shown in a cloud to show how many leaves he is going to climb down. Challenge children to use vocabulary involved in subtracting to solve the subtraction questions and find the card where the answer is zero and Jack reaches the ground to escape the giant!

Counting Down the Beanstalk Subtraction Activity

Jack is climbing down the beanstalk to escape the giant!

Which number leaf is Jack on?
How many leaves does Jack climb down?
What number leaf is Jack on when he has climbed down?
Can you find the card where Jack reaches the ground and escapes the giant?
