The very next morning, the greedy man went looking for a wounded bird. For two days, he searched along the riverbank but each night he returned home empty-handed. On the third day, he lost all patience and took a slingshot with him.

After many attempts, he finally hit a bird and broke its wing. As he put the bird in a box he said, "Listen, little bird! I will care for you until you are well, if you will get me a pumpkin seed bigger than the farmer's."

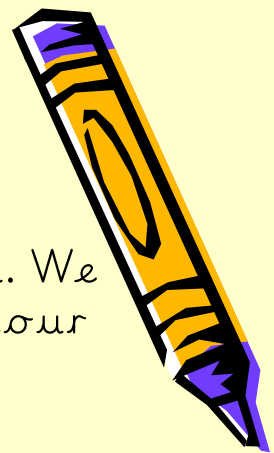

Intervention

- You may hear your child mention they have had some intervention. This sounds very formal. Please do not be alarmed.
- Intervention may take place to extend children as well as support them. Or we may even just need to tackle an individual issue with your child- it does not mean we have a big issue. Our curriculum is just very personalised.
- If your child is completing an Intervention, you will receive a letter to explain.

Types of Intervention

- Classroom based- this takes place during every lesson. We are constantly assessing the learning taking place. If your child is struggling with a concept then extra time and support will be given.
- Formal Intervention- These sessions will take place at least weekly for a six week period and will then be reviewed. They may be run by a variety of staff rather than your child's class teacher. There may be a formal intervention programme involved and parents will be informed as there may be extra tasks to be completed at home to support the learning.
