Calendar page

Firstly can I say a HUGE THANK YOU to Mrs Bible for hosting our very successful Macmillan Coffee Events today. So far we have raised around £800 and we are still counting! It was really well attended and our school had a real buzz about it again! It felt like old times! Thank you to everyone for your time and donations.

Another really big thank you to our House Captains, the event wouldn't have run as smoothly without their help today. They were a really big help to Mrs Bible. You made us all so proud girls, thank you!

Democracy continues to reign in Knypersley as pupils delivered speeches to be considered for the class school councillor roles.

We can reveal the successful candidates, congratulations to you all!

- Class 2 Lilly Adams & Ethan Wilcox
- Class 3 Amelia Beresford & Jenson Jones
- Class 4 Euan Price & Katie Marsh
- Class 5 Toby Gayle & Lily Bedson
- Class 6 Hattie Chaddock & Theo Davies
- Class 7 George McNally & Ashleigh Elliot

Miss Mountford is looking forward to working with School Council to ensure their voices are heard in school decision making.

Have a great weekend everyone. See you on Monday. Love Mrs Goodyear and the Knypersley Team x

Attendance

Busy Bees	91.7%	Class 5	83.4%
Caterpillars	92.1%	Class 6	92.9%
Class 2	92.3%	Class 7	95.3%
Class 3	93.7%	Class 8	94.1%
Class 4	94.5%	Class 9	93.2%

Week Commencing 6th September 2021

Class 7 with 95.3%

WELL DONE EVERYONE FOR FIGHTING THROUGH ILLNESS

Whole School Attendance 92.3%

School target — 96.5%

HM Government | NHS Test and Trace

Covid-19 Testing

With symptoms

'PCR' tests

When to take the test

- If you have Covid-19 symptoms
- To confirm your positive lateral flow test result

How long it takes

- These tests are processed in labs
- Up to 3 days, most results the next day

Get a test

- At home
- At a test site

Without symptoms

'rapid lateral flow' tests

When to take the test

- If you do not have symptoms of Covid-19
- As part of routine testing twice a week

How long it takes

- Result processed by test device
- Around 30 minutes

Get a test

- At home
- At your secondary school
- At a test site
- At your university
- At work
- Collect from a pharmacy
- At your nursery
- Order online

Find out more at GOV.UK or call 119

Celebrate Good Times!

Achiever of the Week

Busy Bees	Ava Millward
Caterpillars	Olivia Sproston
Class 2	Samuel Cartwright
Class 3	Jaxon Smith
Class 4	Euan Price
Class 5	Tristan Cooper
Class 6	Colin Goddard
Class 7	Arlo Hughes
Class 8	Ilysha Grant
Class 9	Kian Lally

Congratulations

Class 2	Harriet Wyse
Class 3	Esmay Rushton
Class 4	Myles Swift
Class 5	Ebonie Williams
Class 6	Thomas Planeta
Class 7	Florence Haydon
Class 8	Charlie Leonard
Class 9	Olivya Jukes

Collection Procedures

Thank you for supporting us with our collection routines so far. Now that staff can match parents to siblings we would like to relax our routine slightly and return to pre Covid arrangements especially as the weather will change soon for the worst.

The top gates will open at 3:05, please feel free to come onto the yard and wait near your child's collection point.

Reception	out of the morning drop off doors at 3:10
Year 1	out of the swimming pool door at 3:15pm
Year 2	out of the bottom door near the toilets at 3:15
Year 3	out of the bottom door near the toilets at 3:20
Year 4	out of the swimming pool door at 3:20

Please stand away from the doors so that staff can see clearly!

House Points

Congratulations to Fire

Fire	189	Water	164
Air	171	Earth	158

Keep up the good work everyone!

Holiday Activity Parent Survey

Please follow the link below for the parent survey if your child attended the clubs at Kingsfield this summer. Your responses will influence any upcoming activities during the holidays.

Collection from Clubs

Week beginning 27th September 2021

You should have received a text if your child has a place in a club

Monday

Club	Time	Exit
Art club	4pm	Main office door
Community Club	4pm	Swimming pool door— please go on to the playground
Multi sports	4pm	100 square—please go onto the playground

Wednesday

Fays Dance	4pm	Main Office door
Coding	4pm	Kidz Zone door
Choir	4pm	Kidz Zone door
KSI Football	4:20pm	Main office door
Lego	4pm	Swimming pool- please go onto the playground

Thursday

Outdoor fun	4pm	EY Outdoor area
KS2 football	4:20pm	Main office door

What Parents and Carers Need to Know about ... SOCIAL MEDIA SCAMS

On any social media platform, you'll often come across links to genuine-looking websites. They might include an exclusive offer for one of your favourite shops or invite you to complete a quiz in return for a particular reward. In some cases, clicking on these links takes you to a fake website where you are asked to provide your personal details. The whole enterprise is a ploy to capture sensitive details, such as your email address and password, which the scammers then exploit at your expense.

Clickjacking for fake rewards

Here, the attacker tries to lure you into clicking a link by offering something in return, such as a free gift for completing a survey. However, when the link is clicked, it collects the details of whoever fills out the survey. This might include full names, addresses, phone numbers and email addresses. Scammers could use these to hack into your other accounts or simply sell your data to other criminals.

Malicious app downloads

Some cybercriminals design software that appears genuine or helpful (and is normally free) but has been created to steal your personal information. There may be a pop-up ad encouraging you to download and install the app. Once the app is downloaded, the attacker can see any personal credentials you enter, and could then use this information for their own gain.

'Payment first' scams

Prevalent on sites such as Depop, these scams have spread to Facebook since it added the Marketplace feature. A user lists an item for sale and requests payment up front. Most online stores work this way, but the crucial difference is that scammers ask for payment via PayPal friends and family – not goods and services. This means you can't dispute the payment: the scammer keeps your money, and you never receive the item.

Threats disguised as quizzes

Most quizzes on social media seem harmless, but many come with hidden threats. When you submit your answers, you're also agreeing to terms and conditions which – in some cases – allow the quiz developer to sell your details to third parties. This puts you at greater risk of phishing attacks and spam advertising emails. It might also give the app permission to use information from your profile.

Untrustworthy URLs

It's common on social media for URLs in posts to be shortened (to meet Twitter's character count, for instance). This may seem harmless, but it opens an avenue of attack for scammers who may be disguising a malicious link as legitimate. These links can install malware on the victim's device, which could lead to passwords being stolen or even be the precursor to ransomware attacks.

Angler phishing scams

Using a fake corporate social media account, the scammer pretends to be from customer services. When someone complains about customer service on social media, the fake account messages them asking for their name, phone number and email. If the user provides this info, they are directed to a fake website where they enter their login details. The attacker can then steal their credentials or infect their device with malware.

Advice For Parents & Carers

Set strong passwords

Always ensure that your passwords are not easily guessable. Try to use a mix of letters, numbers and special characters so that criminals cannot forcefully get control. You should also change your passwords every so often to provide further protection against your accounts being taken over. If you have any concerns about your account's privacy, change the password.

Review your privacy settings

Regularly review your privacy settings on social media. You can restrict which parts of your profile can be seen and by who. We recommend making your personal information only visible to friends, which will help to limit the information a scammer could find out about you from social media. It's also safest to only accept friend or follow requests from people that you actually know.

Protect your personal information

Never enter personal information on unfamiliar websites. If you were redirected to a site from a social media post or an email link, putting in your personal details could give key information away to a scammer. Fraudsters may pose as someone you know to try and get your address or bank details (or your family's). If this happens, block the user and tell your family, so the scammer can't try to deceive anyone else.

Avoid opening suspicious emails

When you get an email, always check the sender's address before opening it. If it's an unexpected email and the sender is a stranger, mark it as junk (in case they try again in future) and simply delete it. They could be a scammer who's simply seen your email address on your social media profile. Being aware of phishing attacks is the primary method of defence against scam emails like this.

Choose trusted download sources

Don't download apps or files from unknown sites – instead, use verified and trustworthy sources (such as Google Play or the App Store for download to mobile devices). You can recognise safe sources by their trust seals. The browser address bar on a secure site starts 'https' instead of 'http'. A shield or lock symbol in the address bar also indicates that a site is secure.

Install anti-virus software

Another key tip is to ensure that you have robust and reliable virus protection installed on any of your devices that support it. Anti-virus programmes will help to insulate you against cyber-attacks by blocking any malicious downloads or detecting any recently downloaded malware and removing it. Update your virus protection software regularly and carry out frequent scans of your device.

Meet Our Expert

Formed in 2016, KryptoKloud provides cyber security and resilience solutions to its customers. With offices in the UK, the company offers managed service operational packages including cyber security monitoring and testing, risk audit, threat intelligence and incident response.
