

## Privacy notice for the school workforce

Under data protection law, individuals have a right to be informed about how the school uses any personal data that we hold about them. We comply with this right by providing 'privacy notices' (sometimes called 'fair processing notices') to individuals where we are processing their personal data.

This privacy notice explains how we collect, store and use personal data about individuals we employ, or otherwise engage, to work at our school.

We, The Children First Learning Partnership are the 'data controller' for the purposes of data protection law for The Reginald Mitchell Primary School, Oxhey First School, Knypersley First School, Kingsfield First School, Castlechurch Primary School, Springhead Primary School and Marfield's Primary School.

Our data protection officer is Hedda Motherwell and she can be contacted on [dpo@staffordshire.gov.uk](mailto:dpo@staffordshire.gov.uk)

Some of the reasons listed above for collecting and using personal information about you overlap, and there may be several grounds which justify the school's use of your data.

The Children First Learning Partnership (CFLP) may use Artificial Intelligence (AI) in a limited, carefully controlled way to support teaching, learning, administration and staff workload.

AI refers to digital systems that can assist with tasks such as drafting content, summarising information, supporting accessibility or improving efficiency. AI is used only as a support tool and is not a replacement for professional judgement, management oversight or safeguarding responsibilities.

How AI may be used

Approved AI tools may be used by staff to:

- Support lesson planning and resource creation
- Draft or summarise non-confidential documents or templates
- Assist with accessibility, inclusion or differentiation
- Support administrative and operational efficiency

All AI use within the Trust:

- Is formally assessed and approved through the Trust's AI approval process
- Is compliant with safeguarding, cybersecurity and data-protection requirements
- Remains under human supervision at all times

Personal data and AI

The Trust does not permit personal or sensitive workforce data to be entered into generative AI systems.

This includes, but is not limited to:

- Names, contact details, payroll information or identification documents
- Performance management, disciplinary, grievance or safeguarding information
- Health, absence or special category data

AI systems are not used to:

- Make automated decisions about staff
- Carry out performance management, appraisal or disciplinary processes
- Profile, monitor or predict staff behaviour or capability

Where AI functionality exists within approved third-party systems (such as document or productivity software), the Trust ensures that:

- UK GDPR and Data Protection Act 2018 requirements are met
- Data minimisation and security controls are in place
- Suppliers do not use school data to train AI models

Further information about the Trust's approach to safe, ethical and transparent AI use is set out in the Children First Learning Partnership AI Policy.
